

# Girl Scouts of Suffolk County's \*NEW\* Enchanted Forest

## A Festive Family Tradition Since 2004

*Your generous support directly benefits  
Long Island families.*

When you support the Girl Scouts of Suffolk County's Light Show, you join the generous individuals investing in the next generation of world changers. Girl Scout programming focuses on four pillars: STEM, Outdoors, Life Skills, and Entrepreneurship. From their first camping trip to building their first robot, our programming is designed to spark curiosity, confidence, and innovation. Your support gives girls from all economic backgrounds a space to lead, thrive, and make real change in their communities. Because when girls are given opportunities to grow and develop their potential, they change the world!
