

# Partner Patch Program Requirements: DAISY & BROWNIE

## BACKGROUND

What are the things that we do in our everyday life where we live that keep us safe? Think about the different seasons, and name a unique thing you might do for each time of the year. Discuss with your family ways you work together as a team to keep YOU safe!

**GET INVOLVED**

Attend or participate in an event in your community that includes safety education and prevents injuries! Types of events might include but are not limited to: Bike Rodeos, Fire Department Events, Teddy Bear Clinics, Car Seat Events, Library Classes, Health Fairs etc. Reach out to community partners like Fire Houses, Police Stations, Schools and Libraries to find a suitable event.

**WHAT HAVE YOU LEARNED?**

What are 3 ways you have learned to keep yourself and others safe after attending the safety event?

1.	
2.	
3.	

**CHAT ABOUT IT**

Talk with your fellow Girl Scouts. How does it feel to make a difference in our community by keeping ourselves and each other safer?

**About Stony Brook Children’s**

Stony Brook Children’s offers the most advanced pediatric specialty care in the region. That means that the smallest babies, the sickest children, and the most complex pediatric traumas all get sent to Stony Brook Children’s.

With more than 180 pediatric physicians available in over 30 pediatric specialties, we offer a full range of medical services to support the physical, emotional and mental development of infants, children and young adults. We also can provide leading-edge care for just about every diagnosis — from a simple fracture to a kidney transplant. And as an academic medical center actively engaged in research, we offer families access to groundbreaking, and often lifesaving, clinical trials for their children. We invite you to learn more about the exceptional care Stony Brook Children’s provides for children and families on Long Island.
