## Badges vs Fun Patches

### What's the difference?

Girl Scout badges are earned by completing specific, skill-building requirements, while fun patches are for participating in events or activities without specific requirements.

Official Girl Scout badges are worn on the front of a GS uniform. Fun Patches are always on the back. Think of badges as official achievements and fun patches as souvenirs of experiences. And luckily, both are available at our Girl Scout Shop!

Daisy Art & Design Badge worn on the front.

GSSC's new Summer Bucket List Challenge Fun Patch is a fun patch worn on the back.
